**АМЦ Компјутери- Вашиот пријател во дигиталната технологија.**

АМЦ Компјутери е формирана 1995 година, како фирма за увоз, производство и продажба на информатичка техника и софтвер.

Благодарение на менаџерскиот тим, успешната бизнис стратегија, соработката со светски познатите фирми како што се: **Asus, Philips, Maxtor, Teac, Mustek, Codegen, Intel, Microsoft, PQI, BTC, Proview, Toshiba** и многу други, АМЦ стана **БРОЈ 1** компјутерска фирма во Македонија. Се здоби со бројни признанија и награди за својата работа и квалитет. Да се спомене само меѓу последните награди "***INTERNATIONAL GOLD MEDAL AWARD for QUALITY and EFFICENCY".***

Во моментот имаме одлично технички едуциран тим од преку 30 лица во Скопје и 16 дистрибутивни центри со сопствен сервис и поддршка во секој поголем град во Македонија.

За да се задржи на лидерската позиција, АМЦ мора да биде во чекор со светските стандарди како што е добивање на **ISO** сертификат, постојано усовршување на своите вработени **Microsoft Sertifikati**, воведување на **Е-комерц** и др.

Фирмата е во постојан подем и се надеваме дека бројот на задоволни клиенти и натаму секојдневно ќе се зголемува.

## SONY / ASUS / TOSHIBA - PDA

### SONY SJ22 — 12 140 den.

- Palm OS® Software v. 4.11
- Hi-res. TFT color display (320 x 320 pixels)
- Displays over 65,000 colors
- 16 MB internal memory (15 MB available)
- Memory Stick® media expansion slot2
- Jog Dial™ navigator
- Lithium-ion rechargeable battery (internal)

### SONY TG50 — 18 371 den.

- Palm OS® 5 (v. 5.0)1
- TFT Color display with backlights (320 x 320 pixels)
- CPU 200 MHz
- USB (for HotSync® operation), Infrared (IrDA 1.2), Memory Stick slot2, Remote Commander LED3, Bluetooth™

### A620 MyPal — 20 344 den.

Measurements: 12.5 x 7.7 x 1.3 cm,141 g
Processor: 400 MHz Intel XScale PXA255
RAM: 59 MB OS: Windows Mobile 2003 for Pocket
PC Screen: Color, 16-bit transflective TFT

### A600 MyPal Deluxe — 26 470 den.

- Processor Intel 400MHz PXA250
- Operating System Microsoft Pocket PC 2002
- Main Memory 64MB RAM, 32MB Flash ROM
- Display 3.5" TFT, 240 x 320 with 65536 color reflective type
- IrDA IrDA 1.1 compliant, SIR-115.2Kbps, FIR-4Mbps SD Card
- One SD card slot Status Indicators Charging LED Green
- Built-in speaker and microphone
- Input Touch-screen • Handwriting recognition

### SONY NX70 — 26 880 den.

- Palm OS® software v. 5.0*1
- Built-in digital camera (310,000 effective pixels)
- Video recording and playback*2
- Integrated wireless communication slot*3
- High resolution TFT color display (320 x 480 pixels)
- Swivel LCD design • Voice recorder function
- Built-in MP3 audio player*2

(Remote controller and headphones supplied)

### SONY NX80 — 34 630 den.

- Palm OS® 5 (ver.5.0)1
- Built-in Digital Camera (1.3 Mega-pixel)
- Built-in Voice Recorder & MP3 Player2
- Built-in QWERTY Layout Keyboard
- Retractable CompactFlash™ Slot3 Compatible with Memory Stick PRO Media2
- High-resolution Color Display (320 x 480)
- Key Applications Pre-installed in ROM Memory

### SONY NZ90 — 42 870 den.

- Palm OS® 5 v. 5.01
- On-board CPU 200 MHz
- 16 MB RAM6
- USB (cradle, for HotSync® / printer connection), Bluetooth™, Infrared (IrDA 1.2), Memory Stick™ slot2, Remote Commander LED4, Communication Slot
- TFT color display with backlights (320 x 480) dots
- Audio frequency response: 20 Hz to 20,000 Hz Recording format: ATRAC3 / MP3 (playback only), Sampling frequency: 44.1 kHz (ATRAC3, MP3)

### E 740 — 25 520 den.

- Lightweight, thin Pocket PC with 64 MB RAM and 32 MB ROM, fast 400 MHz XScale processor
- built-in CompactFlash, Secure Digital (SD) slots
- 240 x 320 pixel TFT LCD screen • 64,000 colors
- Features Pocket PC 2002 operating system,
